John Nuss, President

Once again, I get the e mail from George. Why am I surprised every time?

As I am writing this Kathy and I just minutes ago, returned from the first trip using the travel trailer. We drove from our house to Lost Dutchman State Park- maybe ten miles in all. We wanted to stay close to home in case we forgot something. We returned Wednesday morning for the generator. Otherwise we had most everything with us. Trouble was we still had daily obligations so the trip wasn't all that restful.

Kathy was looking for a name for the trailer. I suggested "Surprise" because when we bought it the previous owner sprayed gravel as he left the camp site. We found out why soon thereafter. Turned out, "Surprise, if you take this trailer to highway speed the wheels will fall off. His other statement was, "Everything works." Surprise, the hot water heater heed a new element. The up side is even with the other expenditures, it is less money than a showroom new outfit.

By the way Kathy names it, "Oshow," "Our Second Home on Wheels."

I remembered the camping trip the club did several years ago, to the rim country. We visited the fishery, had lunch in a restaurant cut off from the state highway. On one of the trips we walked around the Natural Bridge State Park and then lunch in Strawberry. Both trips were fun- playing tourist, happy hour around the camp fire, dinner at a fine restaurant, and then stories around the campfire. Oh yeah, it was cold overnight but a few folks rented rooms in a nearby motel. Not really camping, but a good time anyway. Maybe a member is willing to investigate such trip.

It is the driving season- Drive those Triumphs.

EDITOR'S DESK

George M Montgomery, Editor

I am impressed with our Triumphest Committee. While they have said that they needed a chairman, John and Cathy Nuss, Bo Shaw and Mike Blachut have done a commendable job of organizing the event. They have arranged for the hotel, activities, banquet, venues for the various events to happen and all of the other two dozen sub-committees to help. As the time for the different sub-committees to begin their functions many of our members have stepped up to the plate to help. It is now the time for you, our general membership, to start helping out with selecting a sub-committee that that you would like to work with. There is a list of the sub-committees listed elsewhere in this newsletter with the sub-chairman. Talk with them and see where you would like to fit in. We had two dozen members of the Committee and the sub-committees assemble at Armand LaCasse a couple of weeks ago. Much was accomplished as well as other problem areas appeared. Another planning session will be held on April 15th. Armand and Ann agreed to provide food (I forgot just what kind) and swimming. Again, review the committee lists, decide which is your chosen field and show up at the LaCasse homestead on the 15th.

I am so happy that all of the contributors to this newsletter got their info to me this month. Here it is before midnight on the eve of the 1st and I am getting the TRiumph TRumpeter out now. All that I have left to do is to format and space it out and proofread.

I'll look for you at the next business meeting on the 11th.

George

Mike passed out registration forms to several club members who indicated that they will be attending. He reminded all committee members that there will be a Triumphest planning meeting at Armand LaCasse's garage on Saturday, 18 March, starting at 1:00pm. John Horton mentioned that everyone should plan on working on Triumphest in some capacity.

This is a picture of Grampa and me in 1967 (Manhattan, KS). My next-door neighbor bought this TR3A in 1961, when he graduated from high school. For the next six years, I lusted after it, until he sold it to me when I turned 18. I think I paid \$500 for it. I drove it for 4 years while going to the University of Arizona. During that time, I took several road trips to and from the Midwest.

The car was pretty beat up by the end of four years. I parked it and bought a BRG TR6. I courted my wife Peggy in the TR6. She liked my car and I liked her 1969 Pontiac GTO. I eventually sold the TR3 for parts and traded the TR6 in for my first new car a white Chevy Monte Carlo.

I always regretted selling the TR3 and when my dad found a red one for sale, I couldn't pass it up.

My dad also helped with the restoration on it.

Our daughter Molly.

Now our grandkids love to take rides with me.

Next September we will see 125 to 150 Triumphs converging on Flagstaff, and that will translate into about 250 to 300 people attending this event. This is no small thing to plan for, considering in a 3 day period there will be car judging, autocross racing, hospitality party, banquet, awards and more.

The first planning meeting was held at Armand's garage (which has an evaporative cooler). The meeting was very productive with each committee reporting on their planning progress. The next meeting is scheduled for Saturday April 15th at 1:00 pm at Armand's garage. We would like to see committee chair-people who have needs for their part of the event so we can discuss and plan.

This is a 1973 TR6 with factory overdrive and factory hardtop, original tonneau, boot and tools (new OEM jack and handle). Everything works, it's been my daily driver for a year and a half. Everything is in good condition and I have tons of spares including water pump, fuel pump, digital voltage stabilizer and so on from belts, bearing, seals to oil filters and points. I've added a Pertronix ignition and Flamethrower coil, spin on oil adapter and foam air cleaners but still have original equipment in good shape. Original mileage is 99,300 (the car was stored for 22 years). Drivetrain refurbish and full repaint at 90,000. This car has always been garaged and a Southwestern car, no rust at all. The previous owner tells me it has won car shows...I know it's a nice clean Triumph. I also have tons of documentation... original window sticker and glovebox/drivers manual, parts invoices since about 1992. \$18,500 firm. It will go in Hemmings or BAT in a couple weeks.

I'm in Sedona if anyone wants to take a look. I have about 70 photos for those who are seriously interested.
